A-1, UPSIDC Industrial Area, Nandgaon Road
Kosi Kalan, Mathura-281403, Uttar Pradesh,

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Hexa Securities And Finance Company Limited (hereinafter called the "Company")**. The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives, during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made there under;
- ii) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; and
- iii) Other laws, including the laws relating to Non-Banking Financial Companies to the extent applicable to the Company as per the representations made by the Company.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that-

The Board of Directors of the Company is duly constituted with proper balance of Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings along with agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through unanimous approval, and therefore, dissenting members' views are not required to be captured and recorded as part of the minutes.

Based on the verification of the records and minutes, we report that all the decisions are carried unanimously. The members of the Board have not expressed dissenting views on any of the agenda items during the financial year under review.

BOARD'S REPORT

We further report that during the audit period, the Company has not carried out any specific events/action having a major bearing on the Company's affair in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred to above.

We further report that, during the audit period, the Company has amended its object clause and necessary compliance of the Companies Act, 2013 was made in this regard.

OUTLOOK

The Global Economy

The COVID-19 virus has spread with alarming speed, infecting millions and bringing economic activity to a near-standstill, with countries imposing tight restrictions on movement, to soften the curve. The heavy toll on health and human lives has led to the largest economic shock the world has experienced in decades.

As per a publication produced by the International Monetary Fund (IMF) in June 2020, providing an update on the global economic outlook, global growth is projected at - 4.9 percent during 2020. The COVID-19 pandemic has more severely impacted economies in the first half of 2020 than anticipated, and the recovery is projected to be slower than in the previous forecast. In 2021, global growth is projected to stand at 5.4 percent.

This pandemic is a global public health crisis without precedent in living memory. In order to contain the spread of the virus and save lives, most governments throughout the world have imposed stringent containment measures, although some have not entirely succeeded. Economic activity across several sectors, such as travel and tourism, hospitality, etc are at an all-time low. This has resulted in short term economic disruption and tighter financial conditions.

Future economic trends appear uncertain. Recovery is likely to be gradual and could be

interrupted by another outbreak, if containment measures prove ineffective.

In addition to the pandemic, world trade has been impacted by nationalism in various countries, a trade war between USA and China, and trade protective measures taken by multiple governments. An increasing number of countries are using non-tariff measures to control or restrict import, in order to support local industry or curtail imports from targeted trade partners for muscle flexing.

The Indian Economy

At the beginning of the year 2021, India was projected to follow a steady and strong recovery rate, having adapted to the new normal following the first wave of the COVID-19 pandemic. According to the IMF, the country was expected to grow by 12.5 % during 2021-22, a higher growth rate than the single digit growth estimated for several of the advanced countries. However, the second wave has thrown this recovery off track, with the nation turning its focus on improving its health infrastructure and strengthening the vaccination drive across rural and urban India and all sections of society.

The pandemic ended up impacting the Indian economy with more severity than ever predicted. This, in spite of the government's strategy of dealing with the pandemic based on the economy's many inherent vulnerabilities such as high population density and the considerable size of the aging population (one of the largest in the world).

The lockdown during the first wave that came into effect in March 2020 offered a much-needed opportunity to step up medical testing and enhance the existing health infrastructure. The first quarter of the Financial Year 2020-21 witnessed a 23.9% contraction in the GDP. With the V-shaped recovery in the second quarter, the decline moderated to 7.5%. Overall, the Indian economy was expected to have contracted by 8% in Financial Year 2020-21. However, the second wave and the subsequent lockdowns in several states threw a spanner in the recovery process. As a result, both demand and supply have been impacted, the labour market has plummeted, disposable incomes shrunk and businesses adopting cost optimisation measures to cope with the near-collapse circumstances that the pandemic has posed.

In order to remedy the situation, the Government of India has shifted gears from a consumption-led growth to an investment-led economic revival, through a massive infrastructure push. The considerable budget allocation to infrastructure in the Union Budget 2021-22 is estimated to uplift the economy.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

While there has been a visible decline in consumption due to the new trend of discretionary spend and precautionary savings in the majority of the population, India remains a favourite destination of foreign investors attracting record FDI inflows of an estimated US\$81 billion in FY 2020-21.

Micro, Small and Medium-sized enterprises have been acutely affected by the crisis, resulting in a sharp hike in unemployment and lack of capital resources. On the other hand, the rural economy has thrived based on a steady agricultural growth and a fruitful monsoon. In order to lighten the burden, the Reserve Bank of India has adopted various liquidity measures to reduce interest rates, with the aim of boosting the Indian economy, and the rest depends on how effectively fiscal measures are implemented.

Outlook

The economy seems to be in the throes of uncertainty. The pandemic has caused widespread disruptions across most sectors and industries. While the lockdown took a toll, with the opening up of the economy once again following the decline of the second wave, various economic parameters are improving, though at a slower pace. There are concentrated damage control efforts being made despite limitations on resources and policies, and it is estimated that within a span of two years, most sectors would have recovered. However, some sectors of the economy will take longer and several may not be able to reach pre-pandemic levels. The pandemic has altered and continues to alter people's work habits and culture, causing businesses and establishments to reorient their activities and products to meet new aspirations and circumstances of their customers and employees.

Opportunities and Challenges

A large customer base, slow developing economy, vast middle class section of society and a growing population of youngster with spending power, sets India as an important target for any establishment seeking a market for its product and services. Several multinational establishments consider India as a prominent market that contributes significantly to their top line and bottom line reported financial figures.

However, the pandemic has brought on its share of financial and liquidity challenges for small and medium enterprises, in terms of availability of working capital financing. This is where Hexa Tradex is exploring the opportunity to trade in the open market, beyond the O.P. Jindal Group.

Challenges

Trading businesses are associated with various risks

and challenges which can be faced on account of domestic and global economic scenarios, geo-political conditions, competition, trade protection measures by various economies, and more. The success of any business always depends upon its ability to face challenges and survive. Towards this end, Hexa Tradex consistently works on developing various systems and strategies, while applying latest technologies and artificial intelligence to face risks and challenges.

Risk Management

There is a considerable risk involved in trading and financing businesses. Risk is defined as the likelihood of an event and its consequences. Risk management is the practice of using processes, methods and tools for managing these risks. Hexa Tradex believes that risk management is not a one-off exercise. Continuous monitoring and reviewing are crucial for the success of the risk management approach, which ensures that risks have been correctly identified and assessed, and the right controls put in place. It is also a way to learn from experience and make improvements.

Hexa Tradex has identified the following major risks to its business:

- Strategic Risk:** Trading businesses are highly competitive in nature.
- Commercial Risks:** Failure of the vendors or customers poses a risk to the business.
- Financial Risks:** Trading businesses are also exposed to financial risks because of non or delayed payments by customers. Increase in financial costs also poses a risk, which can impact the margins and profitability significantly. Hexa Tradex takes into account the profitability on a case-to-case basis. However, it does not compromise significantly on the credit risk, unless the transaction is with regular customers.
- Geo Political Risks:** Cross-border trading transactions are subject to political and global economic risks.

Hexa Tradex upholds an effective strategy and system to safeguard itself against a wide range of risks. The management of the company considers various elements, analysis the risks involved and then takes effective steps to reduce the risk against the business of the company. The management system is reviewed periodically, and suitable changes are made depending on the risks prevailing in the market at that time.

Financial Performance

The company's total revenue from operations, for the year under review is ₹ 0.92 lakhs as compared to

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

₹ 1.44 lakhs in the previous year. The Company has suffered loss of ₹ 137.64 lakhs for the year under review, as compared to loss of ₹ 217.00 lakhs in the previous year. The Company's reserve & Surplus increased to ₹ 1,15,092.48 lakhs as at March 31, 2021 as compared to ₹ 24,797.54 lakhs as at Mar 31, 2020. The increase is due to recognition of gain of ₹ 90,432.58 lakhs (net of taxes) in Other Comprehensive Income (OCI) on account of fair valuation of investments (Quoted and Unquoted) of ₹ 90,432.14 lakhs (net of taxes) for the year under review.

As of March 31, 2021 the net worth of the company increased to ₹1,16,197.39 lakhs as comparison to ₹25,902.45 lakhs as of March 31, 2020.

Adequacy of Internal Control System

Hexa Tradex has a reliable and adequate system of internal control to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition, and that all transactions are authorised, recorded and reported correctly. The company has an internal audit and control department to monitor, review and update internal controls on a regular basis. It has put into place a well-defined organisational structure, authority levels and internal guidelines for conducting business transactions. The internal audit

and control department conduct audits of all key business areas, as per the pre-drawn audit plan. The audit plan is approved by the audit committee, which regularly reviews compliances to the plan. All audit observations and follow up actions are reported to the committee. It periodically reviews audit plans, observations and recommendations of the audit report with reference to significant risk areas and adequacy of internal controls.

Human Resources and Industrial Relations

Recruitment and retention of human resources is always a challenge in growing business organisations. The business as of now involves a limited number of professionals. However, keeping with the company's growth, there may be a requirement to hire additional talent with the requisite experience and qualifications.

Cautionary Statement

The statement in this Management Discussion and Analysis report, describing the Hexa Tradex's outlook, projections, estimates, expectations or predictions may be a "forward looking statement" within the meaning of applicable securities, laws or regulations. Independent Auditors' Report on Standalone Financial Statements

To

The Members of HEXA TRADEX LIMITED

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **HEXA TRADEX LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rule thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this Auditor's Report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This

Independent Auditors' Report on Standalone Financial Statements

responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 'A'** a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

Independent Auditors' Report on Standalone Financial Statements

ANNEXURE 'B' TO INDEPENDENT AUDITORS' REPORT

Annexure referred to in our report of even date to the members of **HEXA TRADEX LIMITED** on the accounts for the year ended 31st March, 2021

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **HEXA TRADEX LIMITED** ("the Company") as of 31st March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Independent Auditors' Report on Standalone Financial Statements

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes to Standalone Financial Statements

1. Corporate and general information

Hexa Tradex Limited ("Hexa" or "the Company") is domiciled and incorporated in India and its shares are publicly traded on the National Stock Exchange ('NSE') and the Bombay Stock Exchange ('BSE'), in India. The registered office of Hexa is situated at A-1, UPSIDC Industrial Area, Nandgaon Road, Kosi Kalan, District Mathura, 281403 (U.P.) India. Information of principal shareholders are provided in note 12.

The financial statements for the year ended March 31, 2021 were approved by the Board of Directors and authorize for issue on June 25, 2021.

2. Basis of preparation

The standalone financial statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The Company has consistently applied the accounting policies used in the preparation for all periods presented.

The significant accounting policies used in preparing the financial statements are set out in Note 3 of the Notes to the standalone financial statements.

3. Significant accounting policies

3.1 Basis of measurement

The standalone financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value:

- certain financial assets and liabilities, except certain investments and borrowings carried at amortised cost,
- defined benefit plans- plan assets,

The standalone financial statements are presented in Indian Rupees (₹), which is the Company's functional and presentation currency and all amounts are rounded to the nearest lakhs (₹ 00,000) and two decimals thereof, except as stated otherwise.

3.2 Use of estimates

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer note 4 on critical accounting estimates, assumptions and judgements).

3.3 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The board of directors of Hexa Tradex Limited has appointed CEO and CFO who assesses the financial performance and position of the Company, and make strategic decisions. The CEO and CFO has been identified as being the chief decision maker. Refer Note 34 for segment information provided.

3.4 Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Notes to Standalone Financial Statements

Assets are depreciated to the residual values on a straight line basis over the estimated useful lives based on technical estimates. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets and benchmarking analysis or whenever there are indicators for review of residual value and useful life. Estimated useful lives of the assets are as follows:

Category of assets	Life in years
Office equipments	3
Softwares	6

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss in the year of disposal or retirement.

3.5 Impairment of non-current assets

Non-current assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

3.6 Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they are being considered as integral part of the Company's cash management. Bank overdrafts (if any) are shown within borrowings in current liabilities in the balance sheet.

3.7 Inventories

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their respective present location and condition. Cost is computed on the weighted average basis.

3.8 Employee benefits

- Short term employee benefits are recognized as an expense in the statement of profit and loss of the year in which the related services are rendered. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
- Leave encashment is accounted for using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. Actuarial gains and losses

Notes to Standalone Financial Statements

arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.

- c) Contribution to provident fund, a defined contribution plan, is made in accordance with the statute, and is recognised as an expense in the year in which employees have rendered services.
- d) The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in Indian Rupees (₹) is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

The Company operates defined benefit plans for gratuity, which requires contributions to be made to a separately administered fund. Funds are managed by trust. The trust have policies from an insurance company. These benefits are partially funded.

3.9 Foreign currency reinstatement

a) Functional and presentation currency

Standalone financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

b) Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in statement of profit and loss.

Exchange gain and loss on creditors and other than financing activities are presented in the statement of profit and loss, as other income and as other expenses respectively. Foreign exchange gain and losses on financing activities to the extent that they are regarded as an adjustment to interest costs are presented in the statement of profit and loss as finance cost and balance gain and loss are presented in statement of profit and loss as other income and as other expenses respectively.

Non-monetary items that are measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was determined.

3.10 Financial instruments- initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to Standalone Financial Statements

a) Financial assets

Financial assets are classified at amortised cost or fair value through other comprehensive income or fair value through profit or loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Trade receivables

A receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Investment in equity instruments

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss is recognized through profit or loss if such investments in equity securities are held for trading purposes. The fair value gains or losses of all other equity securities are recognized in other comprehensive income. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit and loss. Dividends from such investments are recognised in profit and loss, when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

De-recognition of financial asset

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Notes to Standalone Financial Statements

b) Financial liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the statement of profit and loss.

ii) Financial liabilities measured at amortised cost

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Borrowings are classified as current liabilities unless the Company has unconditional right to defer settlement of the liability for atleast twelve months after reporting period.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Notes to Standalone Financial Statements

3.11 Equity share capital

Ordinary shares are classified as equity. Incremental costs net of taxes directly attributable to the issue of new equity shares are reduced from retained earnings, net of taxes.

3.12 Taxation

Income tax expenses or credit for the period comprised of tax payable on the current period's taxable income based on the applicable income tax rate, the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses and previous year tax adjustments.

Tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in such cases the tax is also recognised directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognised in equity or other comprehensive income is also recognised in equity or other comprehensive income, such change could be for change in tax rate.

The current income tax charge or credit is calculated on the basis of the tax law enacted after considering allowances, exemptions and unused tax losses under the provisions of the applicable income tax laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

3.13 Revenue recognition and other income

a) Sale of goods

Revenue is recognised when a customer obtains control of a promised good and thus has the ability to direct the use and obtain the benefits from the good in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and when there are no longer any unfulfilled obligations to the customer. Revenue is recognised net of Goods and Service Tax (GST).

b) Dividend

Dividend income is recognised when the right to receive dividend is established.

c) Other income

Interest- Interest income is recognised on a time-proportion basis taking into account the amount outstanding and the rate applicable.

3.14 Dividend distribution

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by board of directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

3.15 Earnings per share

Basic earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of shares outstanding during the year. The weighted average numbers of

Notes to Standalone Financial Statements

shares also includes fixed number of equity shares that are issuable on conversion of compulsorily convertible preference shares, debentures or any other instrument, from the date consideration is receivable (generally the date of their issue) of such instruments.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

3.16 Provisions and contingencies

a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Gratuity and leave encashment provision

Refer note 3.8 for provision relating to gratuity and leave encashment.

b) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the notes to the financial statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

3.17 Investment in subsidiary

A subsidiary is an entity controlled by the Company. Control exists when the Company has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

3.18 Current versus non-current classification

The Company presents assets and liabilities in balance sheet based on current/non-current classification.

The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,

Notes to Standalone Financial Statements

- b) Held primarily for the purpose of trading,
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- a) Expected to be settled in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

3.19 Recent accounting pronouncements

New and amended standards

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

MCA issued notifications dated March 24, 2021 to amend schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting April 1, 2021.

4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement:

(a) Property, plant and equipment

External adviser or internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable, the estimates and assumptions made to determine depreciation are critical to the Company's financial position and performance.

(b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

(c) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(d) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

23. Financial risk management

23.1 Financial risk factors

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for Company's operations. The Company has loans, trade and other receivables and cash that arise directly from its operations. The Company's activities expose it to a variety of financial risks.

i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2021 and March 31, 2020.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out by the treasury department under policies approved by the board of directors. The treasury team identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, and credit risk.

Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

a) Foreign exchange risk and sensitivity

The Company transaction are in USD. The Company has foreign currency trade payables and is therefore, exposed to foreign exchange risk.

Exposure to foreign currency risk expressed in Indian rupees:-

Particulars	(₹ lakhs)
As at March 31, 2021	
Other financials liabilities	589.00
Total	589.00
As at March 31, 2020	
Other financials liabilities	609.58
Total	609.58

Notes to Standalone Financial Statements

The following table demonstrates the sensitivity in the USD currencies to the Indian Rupee with all other variables held constant. The impact on the Company's profit/(loss) before tax due to changes in the fair value of monetary assets and liabilities is given below:

Particulars	Net monetary items in respective currency outstanding on reporting date (Absolute amount)	Change in currency exchange rate	Effect on profit/(loss) before tax (₹ lakhs)
As at March 31, 2021

		-5%	29.45
As at March 31, 2018			
USD	(8,05,626.51)	+5%	(30.48)
		-5%	30.48

The assumed movement in exchange rate sensitivity analysis is based on the management's assessment of currently observable market environment.

Summary of exchange difference accounted in Statement of Profit and Loss:

	Year ended March 31, 2021	Year ended March 31, 2020
Currency fluctuations		
Net foreign currency loss / (gain) shown as other expenses	(20.58)	52.49

b) Interest rate risk and sensitivity

As at March 31, 2021, 100% of the Company's borrowings are at a floating rate of interest (March 31, 2020 100%).

With all other variables held constant, the following table demonstrates the impact of borrowing cost on floating rate portion of borrowings:

Interest rate sensitivity	Increase/ (decrease) in basis points	Effect on profit/ (loss) before tax (₹ lakhs)
For the year ended March 31, 2021		
INR borrowings	+50	(1.77)
	-50	1.77
For the year ended March 31, 2020		
INR borrowings	+50	(0.68)
	-50	0.68

The assumed movement in basis points for interest rate sensitivity analysis is based on the management's assessment of currently observable market environment.

Notes to Standalone Financial Statements

c) Commodity price risk and sensitivity

i) Credit risk

Credit risk arises from cash and cash equivalents, deposited with banks, credit exposures from customers including outstanding receivables and other financial instruments.

ii) Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low.

iii) Others

For cash and cash equivalents and deposit held with banks, the Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

There are no receivables which have significant increase in credit risk or credit impaired.

The ageing of trade receivable are provided below:

d) Liquidity risk

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

23.2 Competition risk

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

23.3 Capital risk management

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the Year ended March 31, 2021 and year ended March 31, 2020.

For the purpose of the Company's capital management, capital includes issued share capital and other equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents.

During FY 2020-21, the Company's strategy was to maintain a suitable gearing ratio and gearing ratios at March 31, 2021 and March 31, 2020 are as follows:

Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant available data. The fair values of the financial assets and liabilities represents the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash, bank and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Long-term fixed-rate and variable-rate loans/ borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. Risk of non-performance for the Group is considered to be insignificant in valuation.

Fair Value hierarchy

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

Level 1: It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date like mutual funds. The mutual funds are valued using the closing net assets value (NAV) as at the balance sheet date.

Level 2: It includes fair value of the financial instruments that are not traded in an active market like over-the-counter derivatives, which is valued by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Remeasurement- actuarial loss/(gain)	(0.59)
For the year ended March 31, 2021	(0.59)

2.e. The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:

Particulars	As at March 31, 2021	As at March 31, 2020
	Attrition rate	5.00% per annum
Discount rate	7.00 % per annum	7.00 % per annum
Expected rate of increase in salary	11.00 % per annum	11.00 % per annum
Expected rate of return on plan assets	7.00% per annum	7.00% per annum
Mortality rate	IALM 2012-14	IALM 2012-14
Average future service of employees (years)	12.30	13.30

The assumption of future salary increase takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand in employment market.

Notes to Standalone Financial Statements

2.f. Sensitivity analysis: As at March 31, 2021

(₹ lakhs)

Particulars	Change in assumption	Effect on gratuity obligation
Discount rate	+1%	28.30
	-1%	31.67
Salary growth rate	+1%	31.28
	-1%	28.66
Withdrawal rate	+1%	29.46
	-1%	30.30

As at March 31, 2020

(₹ lakhs)

Particulars	Change in assumption	Effect on gratuity obligation
Discount rate	+1%	25.84
	-1%	29.13
Salary growth rate	+1%	28.64
	-1%	26.30
Withdrawal rate	+1%	26.95
	-1%	27.81

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the balance sheet. The method and types of assumption used in preparing the sensitivity analysis did not change as compared to the previous year.

OCI presentation of defined benefit plan

Gratuity is in the nature of defined benefit plan, Accordingly, re-measurement gains and losses on gratuity is presented under OCI as an item that will not be reclassified to profit and loss alongwith income tax effect on the same.

Presentation in statement of profit & loss and balance sheet

Expense for service cost, net interest cost and expected return on plan assets is charged to statement of profit & loss.

Actuarial liability for leave encashment and gratuity is shown as current and non-current provision in balance sheet.

The Company has taken policy from an insurance company for managing gratuity fund. The major categories of plan assets for the year ended March 31, 2021 and March 31, 2020 has not been provided by the insurance company. Accordingly, the disclosure for major categories of plan assets has not been provided.

Risk exposure

The Company has taken gratuity policies from an insurance company. Contribution towards policies are done annually basis demand from the insurance company.

The insurance policy is non participating variable insurance plan and will not participate in the profits of the insurance company.

These policies provide for minimum floor rate (MFR), i.e. a guaranteed interest rate that the policy account will earn during the entire policy term. In addition to MFR the insurance company shall also declare a non-zero positive additional interest rate (AIR) at the beginning of every financial quarter on the policy account and AIR shall remain guaranteed for that financial quarter. In addition to this, the policy also earns residual addition.

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

This may arise from volatility in asset values due to market fluctuations. Most of the plan asset investments are in fixed income securities.

Notes to Standalone Financial Statements

Changes in government bond yields

The plan liabilities are calculated using a discount rate set with reference to government bond yields. A decrease in government bond yields will increase plan liabilities and vice-versa, although this will be partially offset by an increase in the value of the plans' holdings in such bonds.

Salary cost inflation risk

The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the Plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

Independent Auditors' Report on Consolidated Financial Statements

To

The Members of **HEXA TRADEX LIMITED**

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of HEXA TRADEX LIMITED ("the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Company as at 31 March 2021, their consolidated profit (including Other Comprehensive income), their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rule thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this Auditors' Report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income,

Independent Auditors' Report on Consolidated Financial Statements

cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Independent Auditors' Report on Consolidated Financial Statements

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Change in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015;
- (e) On the basis of the written representations received from the directors of the Holding Company and subsidiary company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company and subsidiary company, none of the directors of the Group is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure 'A'; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Independent Auditors' Report on Consolidated Financial Statements

- i. The Group has disclosed the impact of pending litigation on its financial position in its Consolidated Financial Statements – Refer Note 42 to the Consolidated Financial Statements;ii. The Group does not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
- (h) The managerial remuneration for the year ended 31st March, 2021 has been paid/ provided for by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

Independent Auditors' Report on Consolidated Financial Statements

ANNEXURE 'A' TO INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March 2021, We have audited the internal financial controls over financial reporting of HEXA TRADEX LIMITED (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), as of the date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013. (The "Act" or the "Companies Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for

Independent Auditors' Report on Consolidated Financial Statements

external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes to Consolidated Financial Statements

1. Corporate and general information

Hexa Tradex Limited ("Hexa" or "Parent") is domiciled and incorporated in India and its shares are publicly traded on the National Stock Exchange ('NSE') and the Bombay Stock Exchange ('BSE'), in India. The registered office of Hexa is situated at A-1, UPSIDC Industrial Area, Nandgaon Road, Kosi Kalan, District Mathura, 281403 (U.P.) India.

Under Companies Act, 2013, Group is defined as parent, subsidiaries, joint ventures and associates. For the purpose of these financial statements, the aforesaid definition under Companies Act, 2013 has been considered.

2. Basis of preparation

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The Group has consistently applied the accounting policies used in the preparation for all periods presented.

The significant accounting policies used in preparing the consolidated financial statements are set out in Note 3 of the Notes to the consolidated financial statements.

3. Significant accounting policies

3.1 Basis of measurement

The consolidated financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value:

- certain financial assets and liabilities, except certain investments and borrowings carried at amortised cost,
- defined benefit plans- plan assets measured at fair value,

The consolidated financial statements are presented in Indian Rupees (₹), which is the Group's functional and presentation currency and all amounts are rounded to the nearest lakhs (₹ 00,000) and two decimals thereof, except as stated otherwise.

3.2 Use of estimates

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note 4 on critical accounting estimates, assumptions and judgements).

3.3 Basis of consolidation

The consolidated financial statements relate to Parent and subsidiary ('Group'). Subsidiary are those entities in which the Parent directly or indirectly, has interest more than 50% of the voting power or otherwise control the composition of the board or governing body so as to obtain economic benefits from activities. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. The consolidated financial statements have been prepared on the following basis:-

- a. The financial statements of the subsidiary are combined on a line-by-line basis by adding together the like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions and unrealized profits or losses in accordance with IND AS 110 –'Consolidated Financial Statements' notified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended time to time.

Notes to Consolidated Financial Statements

- b. Non-controlling interest (NCI) in the results and net assets of the consolidated subsidiary is identified and presented in the consolidated statement of profit and loss, balance sheet and statement of change in equity separately from liabilities and the equity attributable to the Parent's shareholders. NCI in the net assets of the consolidated subsidiary consists of:
- The amount of equity attributable to NCI at the date on which investment in a subsidiary is made; and
 - The NCI share of movement in the equity since the date the parent subsidiary relationship came into existence.
- c. NCI in the total comprehensive income (comprising of profit and loss and other comprehensive income) for the year, of consolidated subsidiary is identified and adjusted against the total comprehensive income of the Group. Where accumulated losses attributable to the NCI before the date of transition to IND AS i.e. April 1, 2014 are in excess of their equity, in the absence of actual obligation of the NCI, the same is accounted for by Parent. However, losses attributable over and above the share of NCI are borne by NCI even if it results in their deficit balance subsequent to IND AS transition date.
- d. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the companies separate financial statements.

3.4 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Group chief operating decision maker. The board of directors of Hexa Tradex Limited has appointed Group CEO and CFO who assesses the financial performance and position of the Group, and make strategic decisions. The CEO and CFO has been identified as being the chief decision maker.

3.5 Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Assets are depreciated to the residual values on a straight line basis over the estimated useful lives based on technical estimates. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets and benchmarking analysis or whenever there are indicators for review of residual value and useful life. Estimated useful lives of the assets are as follows:

Category of assets	Life (in years)
Office equipments	5
Softwares	6

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss in the year of disposal or retirement.

Notes to Consolidated Financial Statements

3.6 Impairment of non-current assets

Non-current assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

3.7 Cash and cash equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they are being considered as integral part of the Group's cash management. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

3.8 Employee benefits

- a) Short term employee benefits are recognized as an expense in the statement of profit and loss of the year in which the related services are rendered. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
- b) Leave encashment is accounted for using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.
- c) Contribution to provident fund, a defined contribution plan, is made in accordance with the statute, and is recognised as an expense in the year in which employees have rendered services.
- d) The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in Indian Rupees (₹) is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

The Group operates defined benefit plans for gratuity, which requires contributions to be made to a separately administered fund. Funds are managed by trust. The trust have policies from an insurance company. These benefits are partially funded.

Notes to Consolidated Financial Statements

3.9 Foreign currency reinstatement

a) Functional and presentation currency

Consolidated financial statements have been presented in Indian Rupees (₹), which is the Group's functional and presentation currency.

b) Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at rates prevailing at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in statement of profit and loss.

Exchange gain and loss on creditors and other than financing activities are presented in the statement of profit and loss, as other income and as other expenses respectively. Foreign exchange gain and losses on financing activities to the extent that they are regarded as an adjustment to interest costs are presented in the statement of profit and loss as finance cost and balance gain and loss are presented in statement of profit and loss as other income and as other expenses respectively.

Non-monetary items that are measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was determined.

3.10 Financial instruments- initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

Financial assets are classified at amortised cost or fair value through other comprehensive income or fair value through profit or loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Trade receivables

A receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. For some trade receivables the Group may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Notes to Consolidated Financial Statements

Investment in equity instruments

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss is recognized through profit or loss if such investments in equity securities are held for trading purposes. The fair value gains or losses of all other equity securities are recognized in other comprehensive income. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit and loss. Dividends from such investments are recognised in profit and loss, when the Group's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

De-recognition of financial asset

A financial asset is derecognised only when

- The Group has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

b) Financial liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Group has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognised in the statement of profit and loss.

ii) Financial liabilities measured at amortised cost

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Borrowings are classified as current liabilities unless the Group has unconditional right to defer settlement of the liability for atleast twelve months after reporting period.

Notes to Consolidated Financial Statements

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

3.11 Equity share capital

Ordinary shares are classified as equity. Incremental costs net of taxes directly attributable to the issue of new equity shares are reduced from retained earnings, net of taxes.

3.12 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred. All other borrowing costs are expensed in the period in which they occur.

3.13 Taxation

Income tax expenses or credit for the period comprised of tax payable on the current period's taxable income based on the applicable income tax rate, the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, minimum alternative tax (MAT) and previous year tax adjustments.

Tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in such cases the tax is also recognised directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognised in equity or other comprehensive income is also recognised in equity or other comprehensive income, such change could be for change in tax rate.

The current income tax charge or credit is calculated on the basis of the tax law enacted after considering allowances, exemptions and unused tax losses under the provisions of the applicable income tax laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates and laws that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Notes to Consolidated Financial Statements

3.14 Revenue recognition and other income

The Group recognises revenue as per the required five step process for revenue recognition which depict the transfer of promised goods or services to the customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Five step process

1. Identify contracts with customers;
2. Identify the separate performance obligation;
3. Determine the transaction price of the contract;
4. Allocate the transaction price to each of the separate performance obligations, and
5. Recognise the revenue as each performance obligation is satisfied.

a) Sale of goods

Revenue from sale of goods is recognised when control of products, being sold has been transferred to the customer and when there are no longer any unfulfilled obligations to the customer.

b) Dividend

Dividend income is recognised when the right to receive dividend is established.

c) Other income

Interest- Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

3.15 Dividend distribution

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognised on approval by board of directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

3.16 Earnings per share

Basic earnings per share is computed using the net profit/(loss) for the year attributable to the shareholders' and weighted average number of shares outstanding during the year. The weighted average numbers of shares also includes fixed number of equity shares that are issuable on conversion of compulsorily convertible preference shares, debentures or any other instrument, from the date consideration is receivable (generally the date of their issue) of such instruments.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholder' and weighted average number of equity and potential equity shares outstanding during the year including share options, convertible preference shares and debentures, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

3.17 Provisions and contingencies

a) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Notes to Consolidated Financial Statements

i) Gratuity and leave encashment provision

Refer note 3.8 for provision relating to gratuity and leave encashment.

b) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the notes to the financial statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

3.18 Current versus non-current classification

The Group presents assets and liabilities in balance sheet based on current/non-current classification. The Group has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- Expected to be settled in normal operating cycle,
- Held primarily for the purpose of trading,
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3.19 Recent accounting pronouncements

New and amended standards applied

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

MCA issued notifications dated March 24, 2021 to amend schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting April 1, 2021.

Notes to Consolidated Financial Statements

4. Critical accounting estimates, assumptions and judgements

In the process of applying the Group's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement:

(a) Property, plant and equipment

External adviser or internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable, the estimates and assumptions made to determine depreciation are critical to the Group's financial position and performance.

(b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Group reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the consolidated financial statements.

(c) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

(d) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

24. Financial risk management

24.1 Financial risk factors

The Group's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for Group's operations. The Group has loans, trade and other receivables and cash that arise directly from its operations. The Group's activities expose it to a variety of financial risks:

i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2021 and March 31, 2020.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

iii) Liquidity risk

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

Risk management is carried out by the treasury department under policies approved by the board of directors. The treasury team identifies, evaluates and hedges financial risks in close co-operation with the Group's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, and credit risk.

Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Group's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates.

a) Foreign exchange risk and sensitivity

The Group transacts business primarily in USD. The Group has obtained foreign currency trade payables and is therefore, exposed to foreign exchange risk.

Exposure to foreign currency risk expressed in Indian rupees:-

Particulars	(₹ lakhs)
As at March 31, 2021	
Other current liabilities	589.00
Total	589.00
As at March 31, 2020	
Other financials liabilities	609.58
Total	609.58

Notes to Consolidated Financial Statements

The following table demonstrates the sensitivity in the USD currency to the Indian Rupee with all other variables held constant. The impact on the Group's profit/(loss) before tax due to changes in the fair value of monetary assets and liabilities is given below:

Particulars	Net monetary items in respective currency outstanding on reporting date (absolute amount)	Change in currency exchange rate	Effect on profit/(loss) before tax (₹ lakhs)
As at March 31, 2021			
USD	(8,05,626.51)	+5%	(29.45)
		-5%	29.45
As at March 31, 2020			
USD	(8,05,626.51)	+5%	(30.48)
		-5%	30.48

The assumed movement in exchange rate sensitivity analysis is based on the management's assessment of currently observable market environment.

Summary of exchange difference accounted in Statement of Profit and Loss: (₹ lakhs)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Currency fluctuations		
Net foreign currency loss shown as other expenses	(20.58)	52.48

b) Interest rate risk and sensitivity

As at March 31, 2021, 100% of the Group's borrowings are at a floating rate of interest (March 31, 2020 100%).

With all other variables held constant, the following table demonstrates the impact of borrowing cost on floating rate portion of borrowings:

Interest rate sensitivity	Increase/ (decrease) in basis points	Effect on profit/ (loss) before tax (₹ lakhs)
For the year ended March 31, 2021		
INR borrowings	+50	(1.77)
	-50	1.77
For the year ended March 31, 2020		
INR borrowings	+50	(0.68)
	-50	0.68

The assumed movement in basis points for interest rate sensitivity analysis is based on the management's assessment of currently observable market environment.

Total as at March 31, 2020	136.68	136.68	-	

Notes to Consolidated Financial Statements

i) Credit risk

Credit risk arises from cash and cash equivalents, deposited with banks, credit exposures from customers including outstanding receivables and other financial instruments.

ii) Trade receivables

The Group extends credit to customers in normal course of business. The Group considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Group monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Group evaluates the concentration of risk with respect to trade receivables as low.

iii) Others

For cash and cash equivalents and deposit held with banks, the Group considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Group has also availed borrowings. The Group does not maintain significant cash and deposit balances other than those required for its day to day operations.

There are no receivables which have significant increase in credit risk or credit impaired.

The ageing of trade receivable are provided below:

Particulars	Neither due nor impaired	Past due			Total

Gross Total	0.12	-	-	-	0.12

c) Liquidity risk

The Group's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements at all times. The Group relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Group monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

Notes to Consolidated Financial Statements

The table below provides undiscounted cash flows towards financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

24.2 Competition risk

The Group faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

24.3 Capital risk management

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Group's capital management is to maximize the shareholder value. The Group's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Group's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Group also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the year ended March 31, 2021 and year ended March 31, 2020.

For the purpose of the Group's capital management, capital includes issued share capital and other equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents.

During FY 2020-21, the Group's strategy was to maintain a suitable gearing ratio and gearing ratios at March 31, 2021 and March 31, 2020 are as follows:

(₹ lakhs)

Fair valuation techniques

The Group maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant available data. The fair values of the financial assets and liabilities represents the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and bank, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Long-term fixed-rate and variable-rate loans/ borrowings are evaluated by the Group based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values. For fixed interest rate borrowing fair value is determined by using the discounted cash flow (DCF) method using discount rate that reflects the Group's borrowings rate. Risk of non-performance for the Group is considered to be insignificant in valuation.

Notes to Consolidated Financial Statements

Fair Value hierarchy

The following table provides the fair value measurement hierarchy of Group's asset and liabilities, grouped into Level 1 to Level 3 as described below:

Level 1: It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date like mutual funds. The mutual funds are valued using the closing net assets value (NAV) as at the balance sheet date.

Level 2: It includes fair value of the financial instruments that are not traded in an active market like over-the-counter derivatives, which is valued by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the Group specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The following table provides the fair value measurement hierarchy of Group's asset and liabilities, grouped into Level 1 to Level 2 as described below:-

Notes to Consolidated Financial Statements

2.f. Sensitivity analysis:

As at March 31, 2021

(₹ lakhs)

Particulars	Change in assumption	Effect on gratuity obligation
Discount rate	+1%	44.10
	-1%	51.03
Salary growth rate	+1%	50.54
	-1%	44.50
Withdrawal rate	+1%	46.56
	-1%	48.16

As at March 31, 2020

(₹ lakhs)

Particulars	Change in assumption	Effect on gratuity obligation
Discount rate	+1%	40.86
	-1%	47.72
Salary growth rate	+1%	47.14
	-1%	41.36
Withdrawal rate	+1%	43.25
	-1%	44.90

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet. The method and types of assumption used in preparing the sensitivity analysis did not change as compared to the previous year.

OCI presentation of defined benefit plan

Gratuity is in the nature of defined benefit plan, Accordingly, re-measurement gains and losses on gratuity is presented under OCI as an Item that will not be reclassified to profit and loss alongwith income tax effect on the same.

Presentation in statement of profit and loss and balance sheet

Expense for service cost, net interest cost and expected return on plan assets is charged to statement of Profit and Loss. Actuarial liability for leave encashment and gratuity is shown as current and non-current provision in balance sheet.

The Group has taken policy from an insurance company for managing gratuity fund. The major categories of plan assets for the year ended March 31, 2020 and March 31, 2021 has not been provided by the insurance company. Accordingly, the disclosure for major categories of plan assets has not been provided.

Risk exposure

The Group has taken group gratuity policies from an insurance company. Contribution towards policies are done annually basis demand from the insurance company. The insurance policy is non participating variable insurance plan and will not participate in the profits of the insurance company.

These policies provide for minimum floor rate (MFR), i.e. a guaranteed interest rate that the policy account will earn during the entire policy term. In addition to MFR the insurance company shall also declare a non-zero positive additional interest rate (AIR) at the beginning of every financial quarter on the policy account and AIR shall remain guaranteed for that financial quarter. In addition to this, the policy also earns residual addition.

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility

This may arise from volatility in asset values due to market fluctuations. Most of the plan asset investments are in fixed income securities.

Changes in government bond yields

The plan liabilities are calculated using a discount rate set with reference to government bond yields. A decrease in government bond yields will increase plan liabilities and vice-versa, although this will be partially offset by an increase in the value of the plans' holdings in such bonds.

Notes to Consolidated Financial Statements

Salary cost inflation risk

The present value of the defined benefit plan liability is calculated with reference to the future salaries of participants under the plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

EXPLANATORY STATEMENT UNDER SECTION 102 (1) OF THE COMPANIES ACT, 2013

Item No. 4

Pursuant to the provisions of Section 161(1) of the Companies Act, 2013 and Articles of Association of the Company, the Board of Directors appointed Dr. Vinita Jha [DIN : 08395714] as an Additional Directors in the category of Non- Executive Women Independent Director of the Company w.e.f. 25th June, 2021. In terms of the provisions of the said Section, She will hold office of Director up to the date of ensuing Annual General Meeting.

Dr. Vinita Jha is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and have given her consent to act as Director.

Section 149 of the Companies Act, 2013, inter-alia, stipulates the criteria of independence and also provide that an Independent Director can hold office for a term up to 5 consecutive years on the Board of the Company. The Company has received the consent of Dr. Vinita Jha for her appointment along with declaration that she meet the criteria of independence U/s 149(6) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Your Board of Directors, taking into consideration the recommendations of Nomination and Remuneration Committee and given her background and experience feels that the association of Dr. Vinita Jha would be beneficial to the interest of Company as Independent Director and recommends the appointment of Dr. Vinita Jha for her first term of a period of 5 consecutive years as an Independent Director in the category of Woman Independent Director w.e.f. 25th June, 2021. In the opinion of the Board she fulfil the conditions specified in the Companies Act, 2013 for such appointment.

Brief resume of Dr. Vinita Jha, nature of her expertise and name of the companies in which she holds directorship[s] and membership[s]/chairmanship[s] of board/committee, shareholding and relationship between Directors inter-se as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 have been provided in the Annexure to the Notice.

The copy of draft letter of appointment setting out terms and conditions is available for inspection by members at the registered office of the Company.

Save and except Dr. Vinita Jha and her relatives to the extent of their shareholding interest, if any, in the Company, none of the other Directors/Key Managerial Personnel of the Company/their relatives are in any way concerned or interested, financially or otherwise in the resolution set out at Item No. 4 of the Notice.

The Board recommends resolution as set out at Item No. 4 of the Notice for approval by the shareholders as ordinary resolution.

Item No. 5

Pursuant to the provisions of Section 161(1) of the Companies Act, 2013 and Articles of Association of the Company, the Board of Directors appointed Mr. Rajeev Goyal [DIN : 07003755] as an Additional Directors in the category of Non- Executive Director of the Company w.e.f. 10th November, 2020. In terms of the provisions of the said Section, He will hold office of Director up to the date of ensuing Annual General Meeting.

Mr. Rajeev Goyal is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and have given his consent to act as Director.

Notice

Your Board of Directors, taking into consideration the recommendations of Nomination and Remuneration Committee and given his background and experience feels that the association of Mr. Rajeev Goyal would be beneficial to the interest of Company as Director and recommends the appointment of Mr. Rajeev Goyal as Non- Executive Director of the Company. In the opinion of the Board he fulfil the conditions specified in the Companies Act, 2013 for such appointment.

Brief resume of Mr. Rajeev Goyal, nature of his expertise and name of the companies in which he holds directorship(s) and membership(s)/chairmanship(s) of board/committee, shareholding and relationship between Directors inter-se as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 have been provided in the Annexure to the Notice.

The copy of draft letter of appointment setting out terms and conditions is available for inspection by members at the registered office of the Company.

Save and except Mr. Rajeev Goyal and his relatives to the extent of their shareholding interest, if any, in the Company, none of the other Directors/Key Managerial Personnel of the Company/their relatives are in any way concerned or interested, financially or otherwise in the resolution set out at Item No. 5 of the Notice.

The Board recommends resolution as set out at Item No. 5 of the Notice for approval by the shareholders as ordinary resolution.

Item No. 6 & 7

The members at the Annual General Meeting of the Company held on 10th September 2014, had accorded their consent to the Board of Directors for borrowing up to INR 500 Crores (Indian Rupees Five Hundred Crores) under Section 180(1)(a) and 180(1)(c) of the Companies Act, 2013. Keeping in view the future financial requirements to support its business operations, the Company may need additional funds. It is therefore, necessary to enhance the borrowing limits from Rs. 500 Crores to 1000 Crores by passing the special resolution under Section 180(1)(a) and 180(1)(c) and other applicable provisions of the Companies Act, 2013, as set out at Item No. 6 & 7 of the Notice, to enable to the Board of Directors to borrow money in excess of the aggregate of the paid-up share capital and free reserves of the Company. Approval of the members is being sought to borrow money up to Rs. 1,000 crores (Rupees One Thousand Crores) in excess of the aggregate of the paid-up share capital and free reserves of the Company. The proposed borrowings of the Company may, if necessary, be secured by way of charge/ mortgage/hypothecation on the Company's assets in favour of the lenders/holders of securities/trustees for the holders of the said securities as mentioned in the Resolution under Item No. 7. As the documents to be executed between the lenders/security holders/trustees for the holders of the said securities and the Company will need to be executed pursuant to a power envisaged in the Board, it is necessary to pass a resolution under Section 180(1)(a) of the Companies Act, 2013 for creation of charges/ mortgages and hypothecations.

None of the Directors, Key Managerial Personnel of the Company / their relatives are in any way concerned or interested, financially or otherwise in the special resolution except to the extent of their shareholding in the Company. The above proposals are in the interest of the Company and the Directors recommends the Resolutions in Item No's. 6 & 7 of the Notice for approval by the shareholders as special resolutions.
